PREAMBLE

According to the Regulations on Accredited European Schools, approved by the Board of Governors at its meeting on 3-5 December 2019, Accredited European Schools are schools which, without forming part of the network of European Schools organized by the intergovernmental organization 'The European Schools', offer a European education that meets the pedagogical requirements laid down for the European Schools but within the framework of the national school networks of the Member States and hence outside the juridical, administrative and financial framework to which the European Schools are compulsorily subject.
