

PARENT ASSOCIATION

European School
Copenhagen

About Us ?

The Parents Association European School Copenhagen (PAESCPH) is a voluntary organisation of parents, who wish to:

- Contribute to a positive European School culture
- Support both the school and parents, to improve the children's lives in school
- Organise and implement initiatives to improve the school environment
- Create a network with other European Schools (CAPEEA & AES)

Our Philosophy

We aim to drive the culture of One big family as part of European School Copenhagen. Our aim is to ensure that we can help drive fun and engaging initiatives which will provide benefit to most of the students at ESCPH

How are we Different

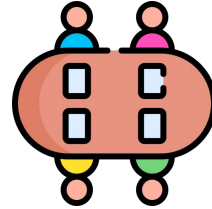

Contact Parents

- 4 parents are selected at the beginning of the school year to facilitate activities, communication (parent - parent, parent - school, parent - class teacher) within the class
- One parent among 4 is elected as representative to Parent Council
- Organize coffee mornings
- Define class policies for birthdays, playdates, gifts etc

Parent Council, PC

- The purpose of the Parents Councils at the European School Copenhagen is to support a mutual and broad sharing of information and open dialogue between the parents and the school.
- The PC is formed by parent representatives of each class within a department (primary, lower secondary). Also invited are staff representatives (teachers and KKFO), the head of dept., and a parent rep. from the school board
- The PC has an important role to play in the day-to-day school improvement

School Board

- The school board establishes principles for the school's activities, including the school's vision, values, objectives, and budgets.
- Four parents are elected every 4 years during an assembly where all parents are invited.

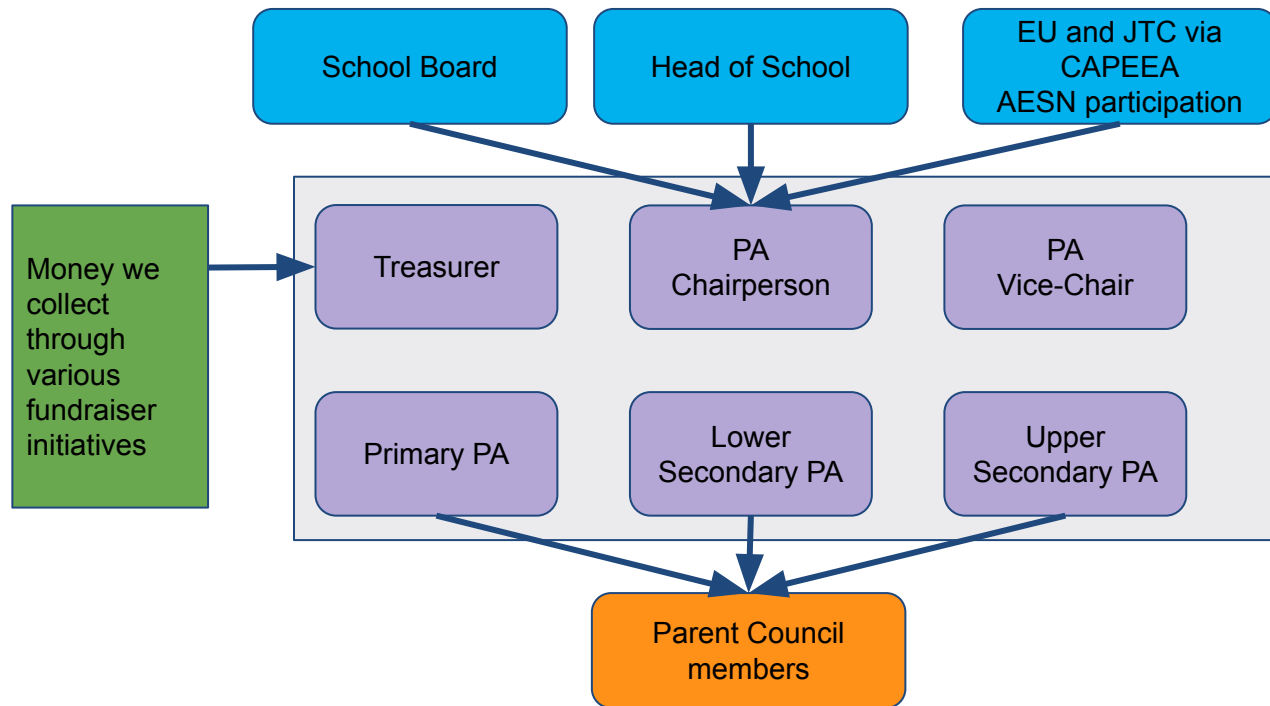

Parent Association

- Any parent is welcome to join!
- The PA brings together parents from primary and secondary, to build a strong school community.
- It actively raises funds to support student trips, school events and other activities
